## **Disclaimer**

The following Restriction index is provided as a convenience record to the public.

Historically, this information was hand-written into a log for customers to easily search. Unfortunately, when performing manual tasks over a span of 30 plus years, omissions may occur. **The Clerk is not responsible for any omissions or errors contained in this log.**

All restrictions recorded after January 1, 1980 may be viewed by performing a search by document type of "RESTRCTN" in the Official Records search screen. The following index is not updated, and the Official Records search screen should be used in addition to this tool for searching deed restrictions.

If you are not successful locating deed restrictions for your property, please try one of the following options:

1. If you purchased title insurance when you purchased your property, check the "exceptions" page of your policy. This will list the book and page number of any deed restrictions.
2. Perform a title search on your property
3. Check with your subdivision homeowners' association.
